OUR CITY SCHOOLS.

The Midsummer Examinations—Prize Lists and Promotions.

James Bay Ward School—Corrig School and Rock Bay School.

After the presenting of the prizes yesterday afternoon two very pleasing events took place, viz., the presenting of addresses by their fellow-teachers to two of the most popular teachers of the province, who were retiring from school work. The following address, accompanied by an elegant case of silverware, was presented:

DEAR MISS GOWEN,—We, your old school-fellows and fellow-teachers, meet you to-day with mingled feelings. We are sorry to lose you from our midst, to know that your smiling face will no longer be seen moving in and out among us. But we would not be selfish. We trust that the future holds many, many happy days in store for you, and ask you to carry with to that new life the accompanying token of our good will. May it serve to remind you of the old school and of us.

SIGNED BY ALL THE TEACHERS.

Supt. Pope thanked the donors on behalf of Miss Gowen for the flattering address and beautiful present.

ADDRESS TO MR. D. E. KERR.

Following upon the presentation to the retiring teacher of the Hillside Ward school was a similar expression of friendly feeling to Mr. Kerr, who for the past two years has been first assistant in the boys' school. Accompanying the address was a beautiful gold-headed cane bearing the inscription:

PRESENTED TO
MR. D. E. KERR
BY
HIS FELLOW-TEACHERS,
June 27th, 1889.

Also three finely bound volumes of Shakespeare. Following is the address:

DEAR MR. KERR,—It is with great regard that we, your fellow-teachers of the public schools of Victoria, learn that you are about to leave us. We shall surely miss you in the school where you have been such an ardent worker during the past two years. We beg to tender you our best wishes on entering a new life. We wish you every happiness, and we hope you will sometimes think of the time you have spent amongst us and that your thoughts will be pleasant ones. Trusting you will accept the accompanying present as a token of our esteem and regard and again wishing you every success, we remain, yours, very sincerely,

SIGNED BY ALL THE TEACHERS.

Mr. Kerr, who was taken completely by suprise, expressed his thanks in a few feeling and appropriate words.

ROCK BAY SCHOOL.

Bright Faces and Bright Wits.—A Successful Teacher.

The public examinations of the city schools concluded this morning with the exercises at the Rock Bay School. The proceedings at this school are always interesting and as might be expected, this reputation attracted a large number to witness this morning's programme. About seventy visitors were present, including nearly all the teachers of the other city schools, parents of the children and others, Supt. Pope, Inspector Wilson, Trustees Wolfenden, Erskine and Mallandaine were also in attendance. The school room was nicely decorated with flowers. The programme prepared by Miss Forrest for the entertainment of her guests was varied and interesting and it was carried out in a manner that was simply perfect. A brighter, better behaved, or better trained lot of little children would be hard to find. The recitations by some of the little girls were almost perfect in elocution and gesture, and anything better than Master Crocker's exhibition in mental arithmetic is not met with, in fact is seldom equalled. This little boy carried off the prize offered by the Hon. Mr. Robson for the head of the ward schools.

At the conclusion of the programme which was very much enjoyed by everyone, Superintendent Pope and Trustee presented the prizes after which addresses were made by the gentlemen already named and Mr. McLeod and Mr. Offerhaus, principal and first assistant of the high school.

Supt. Pope, in his remarks, said the school had always taken a high rank. Six pupils sent up for examination for promotion last year passed successfully, and six out of seven this year. The teacher was in every respect deserving of the confidence of the people of Rock Bay.

One of the events of the day, which created a great deal of amusement, was the singing of the following verses by the pupils in the presence of the school trustees:

They visit the drill to see the murderous sabres,
They visit the circus, they visit their neighbors;
They visit their books and the servants who labor;
Now, why don't they visit the schools?

CHORUS.

Oh, dear, what can the matter be?
Trustees don't visit the schools, etc.

They care for their houses, they care for dollars,
They care for their lodges, their fussy fine collars;
But little we think do they care for the scholars,
Because they don't visit the school.

CHORUS—Oh, dear, what can the matter be, etc.

GENERAL DISPATCHES.

Immense Success of the Toronto Loan—Silver Shipment From Port Arthur.

Half a Million Dollar Fire in Chicago—The Yale-Harvard Race.

By Postal Telegraph)

Whatcom, June 28.—Messrs. Douglass, Bole and McColl, representing the New Westminster and Southern Railroad, arrived here yesterday, and have closed negotiations for the purchase of the Bellingham Bay and British Columbia Railroad. At a meeting of citizens to-day an agreement was drawn up and a guarantee given to have the road completed from Whatcom to New Westminster, connecting with the C. P. R. by Christmas. Much enthusiasm exists here in consequence, as Eugene Canfield, as manager of the Bellingham Bay and British Columbia Railway, steps down and out.

THE TORONTO LOAN.

London, June 28—The tenders for the Toronto loan were opened to-day in the presence of Mayor Clark, Treasurer Coady, Sir Donald Smith, Senator Drummond, Mess S. H. Jones, S. Tye, Owen Jones, and any other Canadians. The result was an immense success. The total amount applied for was £720,200, and the average price obtained was £96 1s. The bids range from £96 to £98, the bulk being tendered for at a very small fraction of the minimum price. Everyone is delighted with the result. This is considered a long way the most successful loan Toronto has yet floated, being some points in advance of the four per cent. loan floated only three months ago.

A COSTLY STRUCTURE.

Toronto, June 28—The Board of Trade has resolved to issue debentures to the amount of four hundred thousand dollars for the construction of its new building.

LEFT TO HIS FATE.

Mount Forest, Ont., June 28—George Nixon, a young man, was drowned yesterday through the upsetting of a boat. He could not swim and his two companions, who could, thought of themselves only.

JEALOUSY THE CAUSE.

Baltimore, June 28—Early yesterday morning, Wm. Christopher, prompted by jealousy, shot and killed Charles Loque.

SUICIDE.

Burlington, Vt., June 28—Dr. Eugene Thayer, the well-known organist of New York, suicided by shooting himself yesterday morning. Mental depression and a scar city of pupils are ascribed as the cause.

SILVER IN QUANTITY.

Port Arthur, June 28.—The Badger mines shipped another car containing 35 barrels of rich silver ore, yesterday, to Newark, N. J., for smelting. The car was valued at $50 000. Two barrels alone contained $15,000 worth of silver.

SUDDEN DEATH.

Goderich, June 28.—Wm. Reid, a young man from Kincardine, burst a blood vessel yesterday afternoon, and died in a few minutes after.

A COMING EVENT.

Quebec, June 28.—The quarters of the Governor General, at the Citadel, are being got in order for a grand public ball, to be given about the middle of July.

SUDDEN DEATH.

An inmate of St. Bridget's Asylum, named James Carnes, aged 84, died suddenly while at mass yesterday morning.

BEARS NUMEROUS.

Bears are reported in unusually large numbers in the township of Lambton, Bruce County, and are playing havoc with sheep. A farmer named Price lost eight sheep, and several other farmers have lost as many. Germain Blanchett, who declared war against bruin some weeks ago, has already captured eight.

THE FELL DISEASE.

Montreal, June 28—An outbreak of diphtheria at St. Lambert has caused some uneasiness among residents there, but every precaution is being taken to prevent the spread of the disease.

LOSS BY FIRE.

Damages were done by fire yesterday morning to the extent of $50,000 to the Federal Telephone and Stock Exchange building and stock.

JOHN SUES THE C. P. R.

Montreal, June 28—Two Chinamen, Fong Leon and Wah Kee, laundrymen in this city, have brought suit against the C. P. R. for $500 for being forcibly ejected yesterday from the train going to Quebec at Rochelaga. Both had tickets purchased, but Conductor Charlebois objected to their presence and they had to return to the city on foot.

A PRIEST DYING.

The parish priest of St. James' parish, Rev. Father Rousselet, is dying in the general hospital from prostration. He was told by medical men last night that there was no hope of his recovery, and at his own request was removed to the seminary of St. Sulpice that he might die in peace at the Mother's House of the order. He was for many years parish priest of Notre Dame, and is one of the oldest members of the Sulpician Order.

HALF A MILLION BLAZE.

Chicago, June 28.—A fire occurred this morning in a six-storey brick building on the the corner of VanBuren and Canal streets. The building was filled with manufacturing implements, and the probabilities are that the fire will spread to the buildings of the Barry White Lead Co. and the Chicago Cab Co. The loss probably exceeds half a million dollars.

PATTI DEAD.

Paris, June 28—Carlotta Patti died this morning.

CONDEMNED.

Berlin, June 28—The trial of the editors of the *Gleichell*, charged with stirring up an agitation against the government, has resulted in the condemnation of Doctor Adler to four months' imprisonment and of M. Bretschneider a public apology. The trial was conducted by the special tribunal appointed for the anarchist case.

A FAMOUS COLLECTION.

Paris, June 28—The famous Secretan collection of paintings has been placed on exhibition prior to sale and attracts large numbers of persons prominent in art and social circles. Duc D'Aumale was among the visitors yesterday. It is rumored here that Mr. Vanderbilt has offered eight million francs for the whole collection, and one of the Rothschilds, it is said, is ready to to pay an enormous price for the "Angels" one of the gems of the collection.

YALE-HARVARD RACE.

New London, June 28—The water this morning was as smooth as glass, but a very thick fog hangs over the river, making it impossible to see more than 200 yards. Local prophets predict the fog will lift before 1 o'clock and if it does the conditions for the Yale-Harvard race will be perfect. The latest news from the Columbia quarters confirms the reports sent out last night as to the exhausted physical condition of the crew, but this morning the men were much better. The indications are that they will be all right in a day or two.

VAN HORNE'S HASTE RETURN.

San Francisco, June 28—It has just been learned here that the reason of the sudden return of President Van Horne of the C. P. R., to Montreal is the expected arrival at Quebec of the new steamers for the trade between Vancouver and China. The vessels have been built by John Elder, on the Clyde, in Scotland and are owned by the Canadian Pacific.

MODIFIED RECIPROCITY.

Ottawa, June 28—Sir John Macdonald said to-day that an important proposition had been made by the Dominion government to the United States through the British government. The Canadian government is willing to abolish the import and export duties on all kinds of lumber providing the Washington authorities reciprocate. As an evidence of good faith the Dominion authorities have reduced the duty on pine logs from $3 to $2, the figure in November last and previous to the Dominion lumbermen asking an increase. The new order takes effect the first of July.

KNOCKED OUT.

New York, June 28—Bill Hook, the English light weight, was knocked out by Jimmy Larkins, the young Jersey lightweight, in two rounds last night. The fight took place in a house in Pelham, West Chester county and was for $500 stakes. Larkins' victory was comparatively an easy one and he showed little or no signs of punishment. Hook was looked upon as a phenomenal fighter by his friends and their disappointment was great. They bet heavily on their friend.

A CHICAGO FIRE.

Chicago, June 28—A fire was discovered in the third story of the Burton block, corner Van Buren and Clinton streets, at 5 o'clock this morning, and by 7 o'clock the south part of the building was in ruins, entailing a loss of $300,000. The Burton block extends along Van Buren street for 200 feet and the same distance north on Clinton street. It is six stories high with a large fire wall dividing it into north and south sections. Some fifteen or more firms' business interests were located in the burned portion of the building, which is south of the central fire wall. Other portion was occupied by the Barry White Lead Co. and Oberbleck Bros. furniture factory, which remains intact. John Barnett, wholesale wrapping paper and printing supplies, who had a portion of the first floor and basement, suffers a loss of $20,000; insurance $5,000. Larr Barb Wire Company lose $25,000. Loss on the building, $90,000. The balance of the loss is divided between the Sperry Electrical Co., E. J. McGary's shoe factory; Hugh White, general store; Hayes & Co., bottle molds; J. D. Roberts; Motor Co; Chicago Watch Co; Gerhard's Guilding factory; Standard Electric Light Co., and S. M. Crane Baking Powder Co., and a small restaurant on the first floor. Had not a thick fire wall checked the conflagration the flames would have had full play in the Curry Paint works and Oberbeck furniture factory. Very little insurance was carried, owing to the apparent good condition of the building.

A ROYAL ENGAGEMENT.

London, June 28—The Princess Louise, youngest daughter of the Prince of Wales, was betrothed to the Earl of Fife, her father's bosom friend and the Queen's neighbor at Balmoral Castle. The Princess is only 22 years of age while the Earl is past 40.

LOSS TO SCIENCE.

Lynn, Mass., June 28—Maria Mitchell, the noted astronomer, died here this morning.

THE RING.

Providence, R. I., June 28—Jack Ashton and Jimmy Carroll, the Brooklyn pugilist, left for New York to-night. Ashton is going with Sullivan south. He will second Sullivan in the coming battle. Ashton said last night his battle with Jackson, the Australian, will take place where they can get the most money. He does not care whether it is in El Paso or Puget Sound.

PERSONAL.

Items Telling of Movements of Well Known Persons.

Rev. J. W. Wadman will not leave for Japan till about the 20th of July.

R. M. Brereton has returned from Portland, whither he went to attend a meeting of the directors of the Alaska Gold company. At the meeting held on Tuesday Mr. Brereton was elected vice president.

D. Chisholm, M. P., accompanied by his niece, Miss Chisholm, arrived home at New Westminster on Wednesday, well and hearty and in the best of spirits. He is thrice welcome back.

Lincoln A Pontius and bride, nee Miss Hannah James, both of Port Townsend, who were united in wedlock last Wednesday, have been spending a portion of their honeymoon in this city. The happy couple left this morning for Portland.

Misses Keast and Robinson of the public schools left to-day for San Francisco to spend their vacation.

Ald. Kelly was a passenger for San Francisco to-day in the interest of his salmon freezing industry.

A. Pendola, Savona, whose brewery was lately burned, arrived last night.

Rev. Father Augier, provincial of the Oblate Fathers, arrived this afternoon on the steamer Rithet from New Westminster. The reverend father is from France and has been visiting the Oblate fathers on the mainland. During his stay in this city he will be the guest of Bishop Lemmens and the clergy.

Rev. Father VanNevel will leave for Beechy Bay to-morrow morning on a missionary tour amongst the Indians. He will return in about three or four weeks.

We very much regret to learn that Mr. Frank S. Barnard, late member for Yale, is seriously unwell.

HOSTE VERSUS COLONIST LIBEL CASE.

To the Editor of The Times:

SIR,—I did not intend making any comments in public print on this case, but since you so pointedly referred to me in your leader on juries in The Times of yesterday, I feel bound to say that the jury did not feel at all *timorous* or *afraid* to make any reply to the rough language by which they were assailed at the close of the case.

They were addressed as *gentlemen* of the jury and returned a verdict to the best of their ability and maintained their status as *gentlemen* throughout, notwithstanding the bad example attempted to be set them of being drawn into an unseemly wrangle with the bench. Protests hitherto from former juries appear to have had no effect, consequently we did not follow suit, but have the approval of our own consciences, and the unanimous endorsement of an enlightened community.

We were charged to name an amount for damages, and we did so. I think I can speak for my fellow jurors as well as myself that our only regret is that we did not make the *solatium* one cent instead of one dollar. Yours faithfully,

WILLIAM M. CHUDLEY,
Foreman of the Jury.

TO THE TIMES ONLY.

A Child Falls into a Tub of Boiling Water—A Forger Arrested.

Two Chinese Laundrymen Receive Satisfaction From the C. P. R. Co.

(Special to The Times.)

LA RIVIERE, MAN., June 28.—Albert Wilson, aged five years, accidentally fell into a tub of boiling water yesterday and died this morning.

FORGER ARRESTED.

Toronto, June 28.—Charles E. Keller, a young New Yorker, wanted in Montreal for several forgeries of the name of J. J. Curran, M. P., was arrested here to-day.

APOLOGIZED TO THE CHINAMEN.

Montreal, June 28.—A fortnight ago Fong Seu and Wah Kee, two Chinese laundrymen of Montreal, took train for Quebec. They got on the Canadian Pacific duly provided with tickets and were proceeding on their journey when Conductor Charlebois came along and objected to their presence and dumped them off at Hochelaga. They placed their case in the hands of an advocate, and have just obtained an ample written apology from the conductor together with remuneration.

KILLED BY LIGHTNING.

Belleville, Ont., June 28.—Jas. Karn was struck by lightning and instantly killed during a severe storm. He was an old resident, having been in the hotel business at Beachville for twenty years.

NEW BANK FOR SEATTLE.

Washington, June 28—The Comptroller of the currency has authorized the Washington National Bank of Seattle, Washington Territory, to begin business with a capital of $100,000. Edward O. Graves, late Chief of the Bureau of Engraving and Printing, will be president of the new bank.

SPORTING NEWS.

James Bay vs. Mayflowers—Team for Vancouver.

On Saturday afternoon the best game of the series will be played at the Caledonian grounds. The Mayflowers will bring forth their best men and a great effort will be made to score another game for the pennant. The Bays are confident of success. The following members of the clubs will play:

MAYFLOWERS.	POSITION.	JAMES BAYS.
Borthwick	Catcher	J. Hannon

The James Bays will meet their old rivals at Vancouver on Tuesday morning. The names of the team selected to play are: F. Jackson, pitcher; J. Hannon, catcher; J. Wisherdt, first base; F. Widdowson, second base; W. Deasy, short stop; W. Franklin, third base; J Smith, left field; F. Gonge, centre field; B. Naylor, right field; D. Sullivan, substitute.

The following members of the Amities will leave for Vancouver on Monday morning to play the Kamloops nine: G Borthwick, catcher; T H Baker, pitcher; Geo Gowen, first base; Gus Gowen, second base; F Jackson, third base; C N Gowen, short stop; W Duck, left field; T Burnes, centre field; J Hannon, right field; W Mills and F Gonge, reserves; John T Fee, manager and scorer.

HOSE TEAM.

The Victoria hose team will give an exhibition run on Yates street this evening at 8 o'clock. The boys will appear in pink and blue racing suits and will run with the new hose carriage recently purchased from the Toronto Rubber company. The run will be 600 feet to hydrant, lay 150 ft. of hose and turn on water. On Saturday night the members will parade in their new fire department uniforms and will leave for Vancouver to compete in the races on Monday and Tuesday. Every member of the department taking part in the tournament will leave a substitute in this city satisfactory to the chief engineer. The chief will remain in the city and will hold a drill of substitutes tomorrow evening.

WRESTLING.

E. W. Johnston and D. S. McLeod will wrestle at Nanaimo to-morrow night, catch-as-catch-can, two in three falls, for a purse of $500. McLeod should win if everything is O. K.

LICENSING COURT.

(Before Mayor Grant, Justice Richards and Alderman Harrison.)

An adjourned meeting of the licensing court was held at noon to-day to hear argument for and against the granting of a license to sell liquors in Carey's building, Cormorant street.

His worship asked Mr. Taylor, city barrister, to give an opinion regarding the status of Chinese residents on a street on which a person wishes to secure a license.

Mr. Taylor's opinion was very lengthy and was followed by argument in favor of granting the license from Mr. Theo. Davie.

Mr. H. G. Hall appeared for the temperance societies and argued against the granting of a license.

The court decided that the requirements of the act have not been complied with and there are not two-thirds of the resident freeholders and householders on the petition in favor of granting the license.

The court adjourned for a week to allow the petitioner to bring forward evidence of fact that two-thirds of the resident freeholders and householders are on the petition.

POLICE COURT.

(Before Hon. A. N. Richards, Q. C.)

His Honor cast his eyes over the dock this morning and noticed one solitary drunk, Timothy Collins, to whom for minutes a fine of $5 was recorded against him.

In the case of Abbott vs. the C. P. N. Company, for wages, His Honor said he looked into the law on the subject and found that a master taking a man to sea without an agreement was liable to a fine of five pounds. Under the Dominion Shipping Act the Governor General appointed a shipping master in this port and the law regarding shipping seamen could have been complied with. The police magistrate has jurisdiction to punish offences. The evidence shows that the men was engaged here and was taken to Vancouver, from thence to Alaska. The law, if applied to a vessel running between Victoria and Vancouver would be a great inconvenience.

Mr. Fell—The company have engaged their men and made them sign articles once the action was taken.

Mr. Helmcken—There is no evidence to prove that.

Mr. Fell—The law applies in England to vessels running from the Isle of Man.

His Honor—The man was discharged, and stated in his evidence that he sustained no damage. The judgment was that the C. P. N. Company pay a fine of one dollar.

In the case of Robertson vs. the C. P. N. Company, His Honor said the police magistrate had no jurisdiction.

SHEARMAN ON SINGLE TAX

At Masonic Hall, Portland, the Hon. Thos. G. Shearman delivered an address on the single tax theory, which the Oregonian publishes entire. Mr. Shearman is a single tax advocate, but not a believer in the radical doctrines of Henry George. He is of the opinion that taxes may be levied directly on the land without doing away with private ownership. The tax on personal property he regards as absurd and a direct incentive to perjury. To illustrate the absurdity of the personal property tax, he cited the case of a gentleman in Denver which we give entire: "This man was worth more than $1,000,000 in personal property; however that might be, one thing was not guess-work; he certainly had paid $200,000 for furniture alone, which he still owned and used for commercial purposes. He was called upon to make out his return, and required to put down furniture, jewelry, watches and everything else in detail, no generalities about it, and he returned in detail, which he swore to like a good and pious citizen—how much do you think? $540!" To further illustrate his case, he instanced the State of California, which in 1879 had adopted a new constitution for the express purpose of securing taxation on money. We quote:

The first year they got hold of $28,000,000 and made it pay taxes. The second year it dropped to $14,000,000, the third year to $9,000,000, and the fourth year it dropped to practically nothing, except in one particular. A very mysterious thing about this was, that the banks, which are supposed to be the proper depositories of money, turned out to have less money than any other part of the community; there was no money in the banks. The board of equalization, with a view to discovering how this happened, called a cashier and he was compelled to testify. His story, reluctantly given, was very edifying. The assessment is taken on the first Monday in March. On the Friday previous the banks wired their New York correspondent: "Do you want gold? We are badly in want of government bonds." Government bonds are not taxable; but it was a mere coincidence. The New York banks telegraphed back, "Yes, there is nothing we want so much as gold. A perfect plethora of government bonds." The California bank telegraphed, "We want $1,000,000 of government bonds." New York bank telegraphed back, "Done." The California bank telegraphed, "Tie up those bonds, keep them for us, and we will tie up the gold and keep it for you." "All right." Thereupon the New York bank carefully took out $1,000,000, worth, par value, of government bonds, carefully put them in the vault, labelling them the property of such and such a California bank. The California bank carefully counted out $1,000,000 in gold coin, put it in a tin box, endorsed "Property of the New York bank," and put it in its own vault. Then came the first Monday in March; the bank cashier made out a written statement that his bank owned no money at all, had no money on hand, nothing but government bonds, which are not taxable, signed that statement, went home and slept the sleep of the just. The next Wednesday he telegraphed back, "Great pressure for gold in California; have you any to spare?" "Oh, yes," telegraphs the New York bank, "there is a sudden demand here for government bonds; have you any bonds you can sell?" "Yes, certainly, got a $1,000,000 of them to sell, same price as Friday." "All right, we will make the trade," and the trade was made, the California bank took the gold out of its box, poured it in its own general fund, the New York bank released the bonds, all was serene, and there was no tax.

Again, as to how payment of taxes on railway stock is evaded, he related how John Miller, who was a clerk of the Central Pacific company, and two others, held the stock in their own names and emigrated to the State of Nevada, where the State of California could not tax them. So effectually was this method of evasion that California finally abolished its tax on corporate stocks.

"Rent," concludes Mr. Shearman, "is to the law of nature and never can be abolished; we do not want to abolish it, at the same time, the rent of land is the natural resource of taxation. It is the fund which God has provided, and always meant should be used so far as it is necessary, for the expenses of the government. When you come to put your tax upon the rent of land, all the other difficulties we have met with vanish. The tax will be collected directly; it cannot be turned over upon anyone else, because the landlord cannot increase the rent of his bare land, no matter how much you add to his taxes. He can give up his land, if he chooses, but he cannot make nor unmake the land.

"If you tax all of the landlords they could not say to their tenants "If you do not pay that we will not rent you this land." The simple answer is: "Here is any quantity of land, the owners of which have abandoned it because they cannot pay the taxes, and we will take that land." This tax, therefore, is direct; it can be collected evenly and fairly by any assessor of common sense and common education who is half fit for the place. Anyone could easily ascertain whether his neighbor was paying his fair proportion of the tax, and you would get rid at once and forever of the system which exists, under which the rich are made richer and the poor poorer, because you put an end to this system by which the enormously disproportionate part of the public burden is laid upon the shoulders of the poor and lifted from the shoulders of the rich. And you do it peaceably, without any revolution, without commotion or anarchism, without any social or political disturbance."

Such an argument as this requires no comment. It conveys the idea of how the expenses of government may be equitably borne without the upsetting of established and fundamental principles. It seems to cover all the ground contemplated by Henry George, without destroying the right to own the land, and undoubtedly in view of the stupendous frauds which may be, and are, perpetrated under the operation of the personal property and income tax, direct taxation on land must at a no very distant period come in vogue.

PRACTICAL VS. SENTIMENTAL HEROISM.

We find cause for the above caption in the case of Father Damien, whose self-imposed immolation on the altar of leprosy, if we may so term it, is now ringing on the tongues of men throughout the civilized world. Father Damien's case, as we look at it, is one of purely sentimental heroism, and of its kind probably without parallel. Men volunteer to attend the victims of yellow fever, cholera and other forms of epidemic diseases, but such heroism is qualified by the reflection that they may escape the contagion, or even though they be stricken to death they possess the knowledge of having been instrumental in saving life. Father Damien's sacrifice is without qualifications of this kind. So soon as he stepped among the lepers he was a doomed man, nor might he flatter himself that he could save a single life. His was a case of purely sentimental heroism, and though it appeals to our admiration, and almost deifies the man, a candid regard for utility compels us to say that it has no value only as showing that "man's inhumanity to man" is distinguished by exceptions of the most transcendental character. It is not a pleasant task to find fault with such heroism as this. There are numbers of good people who will say this man has disarmed criticism. We concede that there is a deal of truth in so viewing the matter, but then on the other hand the world can scarce afford to surrender to an early death such men as Father Damien that a sentiment may be exalted. Really heroic men are so scarce that we would hoard them up for occasions when their sacrifice brings some compensating advantage in the shape of a life saved, or a principle vindicated. Life sacrificed in any other cause is suicidal; it has no justification by any standard of ethics which have yet been formulated. We should call it madness in the man who plunges into the whirlpool of Niagara to save another, for two lives thus are sacrificed, and yet in Father Damien's we have a parallel case. Not Christ Himself died in vain, and how shall we undertake to unqualifiedly approve of a transaction which, though it involves superlative virtue, guarantees no corresponding compensation.

CITY AND PROVINCE.

—None but a fool is always right.

—Mother Graves' Worm Exterminator is pleasant to take; sure and effectual in destroying worms. Many have tried it with best results.

—Flattery is like a painted armor; only for show.

—Why go limping and whining about your corns, when a 25 cent bottle of Holloway's Corn Cure will remove them? Give it a trial, and you will not regret it.

—No man should so act as to take advantage of another's folly.

—Joseph Rusan, Percy, writes:—I was induced to try *Dr. Thomas' Eclectric Oil* for a lameness which troubled me for three or four years, and I found it the best article I ever tried. It has been a great blessing to me.

—The hustle must go. It will collapse at the seaside this summer.

—Ease by day and repose by night are enjoyed by those who are wise enough to apply *Dr. Thomas' Eclectric Oil* to their aching muscles and joints. A quantity easily held in the palm of the hand is often enough to relieve the most exquisite pain.

—The pie plant is a fraud. If a man carefully transplants it he cannot raise a pie.

—Mrs. M. Stephens, of Albany, N. Y., writes us as follows: "My strength was so weak that I could not eat anything sour or very sweet, even fruit at tea-time would cause Heartburn, faintness or oppression of the chest, short breath, restlessness during sleep, and frightful dreams of disagreeable sights, so that I would often dread to go to sleep. With the use of Northrop & Lyman's Vegetable Discovery this unpleasantness has all been removed, and I now eat what suits my taste or fancy."

—The drummer needs no marble shaft erected to his memory. His check is his monument.

—The Thin Cannot Gain in Weight if they are troubled with dyspepsia, because the food is not converted into the due proportion of nourishing blood which alone can furnish the elements of flesh. But there is no reason, when this wearing, attenuating disease is conquered by Northrop & Lyman's Vegetable Discovery, why there should not be an appreciable gain in weight, which indeed is usually the case. It is a peerless remedy also for Constipation, Liver Complaint, Kidney troubles, and roots out all impurities from the blood.

—The water of the lake is blue when the sky is clear; but to a party out fishing it soon becomes a bottle green.

"His pills as thick as hand-grenades flew,
And where they fell as certainly they slew,"
was said of one of those ignorant doctors in the early times, who might well have been called the side-de-camp of death. The sufferer from scrofula, with sores as bad as Job's, need not now curse the day he was born, for Dr. Pierce's Golden Medical Discovery will restore health and beauty, appetite and strength. Especially has it manifested its potency in curing salt-rheum, tetter, boils, carbuncles, sore eyes, scrofulous sores and swellings, hip joint disease, white swellings, goitre, or thick neck, and enlarged glands.

SUNDAY SCHOOL WORKERS.

A Monster Convention to Open in London Next Week.

The steamship Bothnia, which sailed from New York for Liverpool, last Wednesday, carried over 500 delegates to the World's Sunday School Convention, to be held in Memorial Hall, London, July 2nd to 5th, inclusive. Nearly every State in the Union and the provinces of the Dominion will be represented during the convention. This city is represented by the Rev. Walter Baras, late pastor of the Calvary Baptist Church of this city.

The programme of the Convention has been prepared by the American delegates and approved by the London officials. Monday evening, July 1, the delegates will be received in London at the Mansion House by the Lord Mayor. The four following days will be devoted to a general discussion of the work done in this country by the different Sunday school organizations. Saturday, July 6, the delegates will meet on the grounds of Dollis Hill, Willesden, at the special invitation of the Earl and Countess of Aberdeen. At the close of the convention a large number of the delegates will cross the channel and visit the Paris Exhibition.

...OSOPHER'S SCALES

...ments Used by the Mod... Psychologists.

...fellow" might boast that ...a girdle round the earth in ...s, but modern psychologists ...g to accomplish far more re... things. In the world of mat... are of little worth, but they have ...hold of the mind's leading strings, ...ave contrived so ingeniously that ...thoughts, all passions, all delights" ...ve become reducible to mathematical ...ormula. Not only have they learned to express the poet's dream in prosaic millimetres, and affairs of the heart in cold, unfeeling decimals, but the intensity of a stroke of lumbago and the rate of speed of a dyspeptic twinge they now calculate with numerical exactness.

It is an actual fact that psychologists will soon have as complete insight into the operations of the mind as have physicians into the functions of the body. The University of Pennsylvania is the pioneer in introducing the mind measuring system into America. Professor Cattell brought with him from Germany some quite remarkable instruments, principally of his own invention, which are employed in demonstrating his psychological lectures. They perform tasks which materialists have scouted as impossibilities, and strongly tend to prove that psychology, despite all that has been said to the contrary, is an exact science.

One of these instruments will calculate to a nicety the traveling speed of an impression. A chronoscope and a voltaic battery are the principal agents in the solution of this intricate problem. By their means registration is made of the exact time that elapses between the occurrence of an act and the sign given by the subject operated upon that he has perceived the act. By a process of subtraction the time is discovered which passes between the moment at which the impression reaches consciousness and the moment when the subject knows he perceives. In this manner a man's rapidity of perception—his ability to see, taste, smell, hear or feel—may be accurately determined.

For the measurement of sound the subject forms a circuit by applying his hands to the two poles of the battery. On hearing a specified noise he instantly breaks the circuit. Immediately the hand of the chronoscope stops short, indicating in thousandths of a second the time that has elapsed between the occurrence of the sound and the breaking of the circuit. On this basis man's perceptive power is calculated.

By analogous means the comparative swiftness of sight is measured. Professor Cattell has ascertained, for instance, that one-tenth of a second suffices for him to perceive a color, one-eighth of a second is necessary for the perception of a letter, and one-seventh of a second for a word.

The strength of a person's memory is determined by a complicated machine which presents to the eye at intervals of a second flashes of light of varying degrees of intensity. The more subtle is a man's power of recognition the more readily he distinguishes one light spot from another, and the longer he retains his impressions. In this way the mind's concentration and retentiveness are measured in fractions of a second.

By means of the gravity chronometer the comparative ease or difficulty with which letters or words may be perceived is demonstrated. In a sliding screen moved by electricity a slit five inches wide is inserted, behind which an object is exposed to view for an infinitesimal space of time.

In a series of experiments with the letters of the alphabet the time of exposure was one-thousandth of a second. That of 270 trials W was seen 241 times, while E appeared seen but 63 times. Of other capital letters Z, M, D and H ranked next in succession after in the quickness with which they were perceived, while V, F, U and J were observed only with great difficulty. Of the small letters "d" is the most easily recognized, and "z" least easily, the former being perceived three times as often as the latter.

If the several colors are exposed to view in like manner for a fraction of a second orange and yellow will be most clearly perceived. Blue, red and green follow in the order named, violet being the least easily recognized and requiring two or three times as long exposure as the bright colors. This device serves to measure the range or complexity of the mind.—Philadelphia Record.

A Typical English Report.

If I were asked for an epitome of American life I should point to a Broadway tram car. It dashes along, a Juggernaut of illegality. The road was built through bribery and corruption. It is owned, not by New Yorkers, but by Philadelphia shareholders. The car is overcrowded, to the inconvenience and annoyance of every passenger. On the front platform, in open violation of the regulations of the company, is a mob of smokers. On the back platform, also in violation of the regulations, is a mob of pickpockets. The driver is disregarding a city ordinance by the speed at which he drives, and there is no trip without its accident. Corrupt, uncomfortable, but fast—that is the Broadway tram car, and it is, I regret to say, in these respects characteristic of the great country which permits it to exist.—London Times.

Washington's "Wants."

In that primitive weekly newspaper, The New York Packet, there appeared in May, 1789, just after the inauguration of George Washington as president, the following advertisements:

A Cook is wanted for the Family of the President of the United States. No one need apply who is not perfect in the business and can bring indubitable testimonials of sobriety, honesty and attention to the duties of the station.

A Coachman who can be well recommended for his skill in Driving, attention to Horses, and for his honesty, sobriety and good disposition would likewise find employment in the Family of the President of the United States.—Chicago Tribune.

What a Moslem Believes.

Every Moslem believes devoutly in a personal God, in an overruling Providence, in the mission and miracles of Christ, whom they designate as the Mesdah, in the duty of prayer, and the immortality of the soul, in a future state of rewards and punishments, and in the inspiration of the Bible. An educated Moslem, if asked why he does not become a Christian, may not improbably reply that, according to his own interpretation of the New Testament, he is one already. Thus, in a letter recently received from one of my friends, he styles himself "a Moslem and a Christian at the same time."

Though a most pious and sincere Mohammedan, he claims to be one of those "who profess and call themselves Christians," for whom we pray every Sunday that they may be led into the way of truth. They hold that Islam was the latest revelation, perfecting the Christian revelation, just as Christianity supplemented the revelation given to the Jews. Mohammed may be considered as a reformer of Christianity; like Luther he denounced certain superstitions that had grown up.

The Koran says that God gave the Gospel to Jesus to proclaim, and that He put kindness and compassion into the hearts of those that followed Him; but "as for the monastic life, they invented it themselves." "In the time of Mohammed," says one of my friends, "Christianity had become corrupt, as many of your own writers admit, and it was these corruptions that it was Mohammed's mission to reform. We reject the corruptions of Christianity. But we claim to have a final revelation, predicted by your own prophets, just as the coming of the Messiah was foretold to the Jews, who nevertheless blindly rejected him as you reject Mohammed."—Leaves from an Egyptian Note Book.

The Feeling Was There.

In attendance at one of the Indianapolis ward schools is a little colored girl 9 years old. She is miserable, indeed, for at home she is ill treated and the shoes she wears, and often the clothes, are supplied by the teachers or some of her classmates. There is a tender poetic vein in her make up and it found vent in a composition. The teacher took a little pansy plant to school one day and told the pupils of the flower. Two days after she asked them to write a poem of it and gave them the privilege of having the pansy talk and tell the story, and this is what the little colored girl wrote, the word pansy in the copy being the only one dignified with a capital:

"I am only a Pansy. My home is in a little brown house. I sleep in my little brown house all winter, and I am now going to open my eyes and look about. 'Give me some rain, sky, I want to look out of my window and see what is going on,' I asked, so the sky gave me some water and I began to climb to the window. at last I got up there and open my eyes. oh what a wonderful world I seen when birds sang songs to me, and grasshoppers kissed me, and dance with me, and creakets smiled at me, and I had a pretty green dress. there was trees that grow over me and the wind faned me. the sun smiled at me, and little children smiled me one bright morning me and the grasshoppers had a party he wood play with me and a naughty boy pick me up and tore me up and I died and that was the last of Pansy."—Indianapolis Journal.

A Battlefield Trust.

We are in danger of something worse than the Libby prison speculation. It is now proposed by a speculative northerner to purchase all the battlefields of the late war, fence them in, turn them into parks, and show them to visitors at twenty-five cents a head.

It will strike those who are acquainted with the situation that the great American showman will have a big job on hand when he comes to the cluster or bouquet of battlefields around Atlanta. Our old red hills have good cause to be redder than any other hills that ever trembled through the thunder storm of war.

Nowhere on American soil can there be found a spot that was ever so pounded and mangled and harried and scorched as this same Gate City of ours. All over the world there are men now living whose proudest boast is to say that they went through our forty days' baptism of fire or were in one of the many battles fought under our city's walls.

We are not yet ready to sell our blood stained fields of glory to the glib strangers whose only interest in them is to coin money out of them. If we can do nothing better, let us level the grim fortresses and the frowning ramparts, and fill up the silent trenches once so full of heroic life. Let us cover these scars of war with the blooming industries of peace!—Atlanta Constitution.

The first thing George Sheldon, of Indiana, did when he got a legacy of $20,000 was to buy $18,000 worth of diamonds and a thousand dollar team.

LOAN BY-LAW.

WHEREAS, THE MUNICIPAL COUNCIL of the corporation of the City of Victoria, has resolved to raise by way of a loan the sum of $40,000, to be expended in street and bridge improvements in said city and in enlarging the area of Ross Bay Cemetery.

And whereas it will require the sum of $4,120 to be raised annually by special rate for the payment of said debt and interest as hereinafter mentioned.

And whereas, as the amount of the whole rateable property of the said corporation of the City of Victoria, according to the last revised assessment roll, being for the year 1888, was $5,758,000 irrespective of any future increase of the rateable property of the municipality, and of any income in the nature of tolls, interest or dividends from the work, and also irrespective of any income from the temporary investments of the sinking fund or any part thereof.

And whereas, for paying the interest and creating an equal yearly sinking fund for paying the said principal sum of $40,000, and interest as hereinafter mentioned, it will require an equal annual special rate of one-eighteenth of one per cent. on the dollar.

And whereas, it is intended to reduce the general rate so that the said special rate shall not increase the total rate of taxation.

Therefore, be it enacted by the Mayor and Aldermen of the Corporation of the City of Victoria:

1. That it shall be lawful for the Mayor of the said city to raise by way of loan from any person or persons, body or bodies corporate, who may be willing to advance the same upon the credit of the debentures hereinafter mentioned, a sum of money not exceeding in the whole the sum of $40,000, and cause the same to be paid to the treasurer of the said corporation for the purposes and with the objects following, that is to say, to be expended in alterations, additions and improvements as follows:

Rock Bay Bridge.
Work Street.
Pandora Street extension.
Third Street extension.
Fernwood Road.
Yates Street.
Broad Street.
Blanchard Street extension.
Wharf Street for sanitary purposes.
Ross Bay Cemetery.
Ontario Street.
Dallas Road.
Catherine Street and other streets.

2. That it shall be lawful for the said Mayor to issue any number of debentures to be made for such sums of money as may be required for not less than $1,000 each, and that the said debentures shall be sealed with the seal of the said corporation of the City of Victoria and be signed by the Mayor.

3. That the said debentures shall be made payable in 30 years from the day hereinafter mentioned for this by-law to take effect, at the office of the treasurer of the corporation of the said city of Victoria and shall have attached to them coupons for the payment of the interest.

4. That the said debentures shall bear interest at and after the rate of five per cent. per annum from the date thereof, which interest shall be payable yearly at the office of the treasurer of the said corporation.

5. That for the purpose of forming a sinking fund for the payment of the said debentures and the interest at the rate aforesaid to become due thereon, an equal special rate of one-eighteenth of one per cent. on the dollar shall in addition to all other rates be raised, levied and collected in each year upon all rateable property in the said municipality during the continuance of the said debentures or any of them.

6. That it shall be lawful for the said municipal council from time to time to purchase any of the said debentures and such debentures shall be so expressed as to entitle the said council to redeem and purchase same on paying the amount thereof and interest due thereon to the date of such purchase to the holder or holders thereof, and all debentures so re-purchased shall be forthwith cancelled and destroyed, and no re-issue of debentures shall be made in consequence of such re-purchase.

This by-law shall take effect upon the 28th day of June, A. D. 1889.

This by law may be cited as "The Forty-Five Thousand Dollar Loan By-Law, 1889."

Passed the Municipal Council the 23rd day of May, A. D. 1889.

Received the assent of the ratepayers the 11th day of June, A. D. 1889.

Reconsidered and finally passed the Council this 14th day of June, A. D. 1889.

The Mayor's Remuneration By-Law

Whereas under and by virtue of the Municipal Act, 1888, it is enacted that the Council of every Municipality may from time to time make, alter or repeal By-Laws for (inter alia) paying the Mayor out of the annual revenue a sum of money not exceeding $2000;

Be it therefore enacted by the Municipal Council of the Corporation of the City of Victoria as follows:—

1. There shall be paid to the Mayor for the time being of the said City of Victoria out of the annual revenue of the said City the sum of two thousand dollars ($2000.00).

2. This By-Law may be cited for all purposes as the "Mayor's Remuneration By-Law, 1889."

Passed the Municipal Council, the 23rd day of May, A. D. 1889.

The Street Railway Guarantee By-Law, 1889.

WHEREAS, BY A BY-LAW ENTITLED THE "Street Railway Bylaw, 1888," passed by the Corporation of the City of Victoria on the 5th day of December, A. D. 1888, a charter or franchise was granted by the Mayor and Board of Aldermen of the said City of Victoria, to J. Douglas Warren, Andrew Gray, David W. Higgins, Joseph Hunter and Thomas Shotbolt, to lay tracks, erect poles and string wires thereon for motor, lighting, and other electrical purposes.

And whereas, the said J. Douglas Warren, Andrew Gray, D. W. Higgins, Joseph Hunter and Thomas Shotbolt have since assigned all their right, title and interest in and to the said charter or franchise, through the Honorable John Herbert Turner as Trustee, to a company incorporated and known as the National Electric Tramway and Lighting Company, limited liability.

And whereas, the said National Electric Tramway and Lighting Company, limited liability, is desirous of proceeding to completion the work contemplated and provided for by the said charter or franchise, and have applied to the Corporation of the City of Victoria for aid, in order that the said works may be specially constructed and put in operation.

And whereas, it is expedient to grant the prayer of the said company for such aid by a guarantee of interest at the rate of five (5) per cent. per annum for a period of twenty years on the sum of forty thousand dollars ($40,000), for a part of the undertaking contemplated by said company, namely, for the purpose of constructing and equipping a Street Tramway or Railway.

And whereas it will require the sum of two thousand dollars ($2000) to be raised annually by special rate for the payment of said interest, in the event of the said corporation being called upon to pay the same,

And whereas the amount of the whole rateable property of the said Corporation of the City of Victoria, according to the last revised assessment roll, being for the year 1888, was $5,758,445.00, irrespective of any future increase of the rateable property of the municipality and of any income in the nature of tolls, interest, or dividends from the work, or from any stock, shares or interest in the work upon which the money so to be raised or any part thereof is intended to be invested, and also irrespective of any income from the temporary investment of the sinking fund or any part thereof.

And whereas for paying the said interest (in case as aforesaid) it will require an equal annual special rate of one twenty-eighth of one per cent. on the dollar;

And whereas it is intended to reduce the general rate so that the special rate shall not increase the total rate of taxation.

Therefore be it enacted by the Mayor and Aldermen of the Corporation of the City of Victoria as follows:

1. That the Corporation of the City of Victoria shall guarantee interest at the rate of five per cent. per annum on the bonds of the said National Electric Tramway and Lighting Company, limited liability, to the amount of forty thousand dollars ($40,000) for a period of twenty years from the date of said guarantee in manner following, namely:

2. When it shall have been shown to the satisfaction of the Corporation of the City of Victoria that fifteen thousand dollars ($15,000) of the capital stock of the said Company has been paid up by the subscribers thereto and bona fide expended in and towards the construction of a street railway in said city by said company according to their charter, the said corporation shall guarantee interest at the rate of five per cent. per annum on first issue of bonds of the said company to the amount of fifteen thousand dollars ($15,000), the interest so guaranteed to be paid half-yearly.

3. When it shall have been shown to the satisfaction of the said corporation that a further sum of fifteen thousand dollars ($15,000) of the capital stock of the said company has been paid up by the shareholders thereof and a sum of at least forty-five thousand dollars ($45,000) has been bona fide expended in and towards the construction of a street railway in said city by the said company, the said corporation shall further guarantee interest at the rate of five per centum per annum on a further issue of bonds to the amount of fifteen thousand dollars ($15,000) for a period of twenty years from the date of such guarantee, the interest so guaranteed to be payable half-yearly.

4. When it shall have been shown to the satisfaction of the said corporation that a further sum of ten thousand dollars ($10,000) of the capital stock of the said company has been paid up by the shareholders thereof and that a sum of at least seventy thousand dollars ($70,000) has been bona fide expended by the company in and towards the construction of a street railway aforesaid, the said corporation shall further guarantee interest at the rate of five per centum per annum on a further and final issue by the said company of bonds to the amount of ten thousand dollars ($10,000) for a period of twenty years from the date of such guarantee, the interest so guaranteed to be payable half-yearly, the proceeds of this last issue of bonds to be expended as aforesaid.

5. The liability the said corporation shall not extend beyond the guarantee of interest at the rate of five per centum per annum as aforesaid.

6. The guarantee is subject to the conditions that the said corporation shall have the right to appoint one or more auditors to examine the books of the said company, and shall have the further right to a representative on the board of directors of the said company during the whole period of the continuance of this guarantee, such representative to be nominated by the said corporation.

7. Any sum or sums of money so paid by the said corporation under its guarantee or guarantees as aforesaid shall be a first charge upon all the property and undertaking of the said company subject to the said bonds, and shall be a part of the consideration for this guarantee and shall be payable and paid to the said corporation by the said company before any dividend shall have been paid to the shareholders thereof.

8. The acceptance by said company of the benefit of this guarantee shall be conclusive evidence of the assent of said company to the foregoing clause of this by-law.

9. The form of bonds to be issued by said company to be approved of by said corporation before any liability under this guarantee attaches.

10. This by-law and the liability of the said corporation is subject to the condition that the moneys expended by the company to obtain the benefit of this guarantee and the moneys obtained from the proceeds of the bonds in respect of which interest is guaranteed by said corporation shall be bona fide expended by said company in and towards the construction of a street railway and for no other purpose.

11. That for the purpose of forming a sinking fund for the payment of said interest an equal special rate of one twenty-eighth of one per cent. on the dollar shall be raised levied and collected in each year in case said corporation be called upon to pay same upon all rateable property in the said municipality during the continuance of this guarantee.

12. This by-law shall take effect on the 28th day of June, 1889.

13. This by-law may be cited for all purposes as "The Street Railway Guarantee By-Law, 1889."

Passed the Municipal Council the 23rd day of May, A. D. 1889.

Received the assent of the ratepayers the 11th day of June, A. D. 1889.

THE BRITISH COLUMBIA FIRE INSURANCE COMPANY.
TAKES RISKS ON THE CASH OR MUTUAL PLANS.
As this is a Home Company, organized by British Columbians for the two-fold purpose of giving cheap insurance and keeping the money in this Province, it commends itself to the support of every reserve keeping the prosperity of this country.
In Ontario, the system of insurance, which is similar to that adopted by this Company, has been in highly successful operation for the past fifty years, and it has proved to be a great advantage to every insurer in it, by reducing the cost of insurance, and it is estimated that now three-fourths of the insurance effected in Ontario is carried by mutual companies.

—The Oregon Railway & Navigation boats, R. R. Thompson, S. G. Reed and D. S. Baker, will shortly be brought around from the Columbia River and put into service on the Sound. The T. J. Potter will be transferred to the Columbia river. It is said that the latter boat is too light for her machinery, and that the wear and tear is too great in the heavy salt water. The Olympian will take the Potter's place on the Victoria-Sound route, commencing on Saturday.

SPECIAL MEETING.

The Board Advances a Step in the Matter of Sewerage.

A special meeting of the Board of Aldermen was held in the City Hall last evening, to consider the proposition of of Messrs. Hill & Co., contractors of Plymouth, England, to carry out the plans of Pickering & Crompton for sewering this city. After considerable discussion it was agreed that a telegram be sent to Mr. Pickering, informing him that if an agreement was entered into on the basis of the price mentioned in the communication, the council would submit a by-law to the ratepayers asking for power to obtain a loan for that purpose.

The Revenue by-law was taken up, duly considered and amended, and read a second time.

Resigned.

Mr. Alex. McDonald, head teacher at St. Louis College, tendered his resignation a few days ago, much to the regret of the clergy. He has been very attentive to his duties for the past two years and made every effort to advance the pupils under his charge. Mr. McDonald will leave for Seattle in a few days. After spending a short time in that city with his brother he will leave for California to study medicine. Mr. McDonald leaves many friends in this city who wish him every success in the future. At the request of the clergy Mr. McDonald has written to an efficient teacher in Prince Edward Island to take his place in St. Louis College.

The Alaska Steamer.

The Geo. W. Elder will leave Seattle at 6 o'clock Saturday evening for Alaska. She will call at Victoria during Sunday.

Salmon for Australia.

The steamer Rithet yesterday brought down from the British American Packing company's cannery on the Fraser 500 cases of salmon, which, together with 500 cases of the same company's brand brought down from the Skeena by the Sardonyx, were shipped to-day on the City of Puebla for San Francisco, en route to Australia.

For the South.

The City of Puebla sailed at 1 o'clock this afternoon for San Francisco with the following passengers from this port: W. M. Brickley, Rev. E. K. Douglas, Mrs. S. Turner and child, Chas. E. Turner, Miss B. Keast, Miss K. Robinson, J. W. Mull, S. L. Kelly, Mrs. J. B. Smith, H. E. Connan and wife and Miss Keast.

Beautiful Work.

The beautiful large chair exhibited at the examination of scholars attending St. Ann's Convent on Wednesday, was made by Miss Lizzie Styles, daughter of Alderman Styles. The chair and a pair of hand-worked slippers were presented to the worthy alderman by the young lady.

Ashore.

The bark Janet Ferguson loaded with paddy, etc., from Bangkok, while coming into the harbor about 4 p. m., this afternoon in tow of the ing Pilot, by some unaccountable cause got stuck on the rock where the Sardonyx and Idaho formerly grounded.

The Jubilee Hospital.

With the exception of one small ward, the brickwork of the entire institution is completed. This ward can be run up in ten day's time, but as the contractors are in advance of time there is no hurry on their part. The contract calls for the completion of the structure by the fall of the year. At present carpenters are the only busy ones on the building.

Another Senatorial Committee.

The United States steamer Albatross will leave Port Townsend July 7th, for Alaska, with Senator Dawes and the United States Senate Committee on Indian affairs, who go north to make a personal investigation into the condition of Indian affairs in the "land of the midnight sun," which have been represented at Washington as needing a thorough overhauling.

A Gaiety Co.

Lilly Clay's Colossal Gayety Co. will appear at the Victoria Theatre next week. The St. Paul *Globe* says: "Many people have been so delighted with the show that they have not missed a night. One enthusiast, who was of Hibernian extraction, remarked: 'I have been to see Lily Clay's company every evening except one night, when there was a matinee in the afternoon.'"

Farms Change Hands.

Mr. J. C. Calhoun has sold his farm on the Delta, of 850 acres, to Messrs. Page Bros., of Nova Scotia, for the sum of $63,300. This sum does not include the live stock and farming implements. Mr. Calhoun purchased this land five years ago for $18,260, which was then considered a very high figure. Mr. Calhoun has since purchased from Messrs. Pemberton and Sons of this city 245 acres of farm land in the vicinity of Ladner's Landing, paying therefor $15,925.

Complimentary Benefit.

On Saturday evening a complimentary benefit will be tendered Mr. John Chester by the Victoria amateur minstrels and leading local talent. The entertainment will take place in Philharmonic Hall. The amateur minstrels are worth hearing and the attendance to-morrow evening should be so large that the beneficiary and gentlemen taking part so justly deserve. Mr. Chester is one of Victoria's favorites and will be at his best on Saturday evening.

Ferocious Animal.

On Wednesday morning a young lad named Roper was severely injured by a large black dog, with which he was playing. The dog took a piece of flesh from the boy's face and it was found necessary to pry the animal's mouth open to make it release its second hold on the boy. The injured lad was taken to Dr. Hall's office where he received every attention. The dog was suffering from distemper, and the wounds on the boy's face are painful and dangerous. The ferocious dog was killed to-day.

Let the Good Work Go On.

A Chinaman, slightly demented, and who has proved something of a nuisance around town for some time, was shipped last night on the Islander to take the Parthia at Vancouver for the Orient. He was reluctant to leave this country and was caged yesterday for a couple of hours to prevent his hiding away. His friends supplied the ticket to China and a few dollars for pocket money. Supt. Sheppard saw him to the steamer last night and was glad to see him off. If only more Chinamen were treated in this manner it would be a God-send to the country.

Improving.

Louise Mertouf is improving rapidly at St. Joseph's Hospital and all dangerous symptoms have disappeared. In a few days the little lady will be allowed to walk about. In justice to the Sisters of St. Ann's Convent it is only proper to state that the young lady did not walk into the elevator, but climbed into it from the floor. No blame is attached to the Sisters for the accident, as the elevator was boarded up and was protected with a door, which she opened. The parents consider that the Sisters were not to blame for the occurrence, notwithstanding the sensational article in the *Colonist* regarding the accident.

Checkered Careers.

Shortly after the Scott Exclusion Act went into effect in the United States, nineteen Chinamen from this city were taken in charge on the Sound for endeavoring to smuggle themselves in. After being in prison for nearly one year they were ordered by the U. S. court at Seattle to be sent back to this city. Back they came in company with U. S. Marshal Hamilton, but were not allowed to land here unless they paid $50 each, head money. They were returned from here to Seattle, and now one of them has applied for a writ of *habeas corpus* to make a test case for the whole lot.

Naval.

Her Majesty's fleet sailed for Vancouver this morning where they will remain till July 3rd, when they will sail for northern waters, expecting to be absent till August 10th. Capt. Hicks will act as pilot on the cruise, and will leave Monday morning for Vancouver.

The fleet lying off the harbor last night practiced with the electric search light, which was plainly visible in the city.

The torpedo boats will not go further north than Vancouver. They remained last night in a bay near the lighthouse at the entrance to the harbor.

On the trip to Alberni heavy weather was encountered the first night and second morning. The little torpedo boats stood it well, yet it is said their bottoms were visible half the time.

The sailing plan of the squadron is as follows: Leave Vancouver July 3rd, arrive at Fort Simpson July 8th, leave there July 11th for Alaskan waters, arriving back at Fort Simpson Aug. 2nd, leave there Aug. 4th for Esquimalt, where the vessels are due Aug. 10th.

H. M. S. Champion and torpedo boats 39 and 40, will leave Vancouver July 2nd for Esquimalt, when the Champion will go into the drydock. After a thorough overhauling she will rejoin the squadron at Fort Simpson, August 2nd.

Cutlery.

M. & H. A. Fox have just received direct from Sheffield a large stock of table and pocket cutlery, scissors, etc. Shaving outfits a specialty. Call and examine at 78 Government street. *
